

Gravity Mountain Biking has just opened in 2010 but its owner Jon Hynes has a long career in the sport.

Our newly purpose built Mountain Bike trail is just ten minutes drive from Garrettstown Beach and is perfect for beginners and improvers. As a fully qualified & insured Mountain Bike Instructor, Jon will take you through all the skills and techniques needed. He also provides all equipment, such as helmets, gloves, protection and you also get to use a choice of fantastic KTM bikes.

Our Trail is 1.8 kilometres, packed full of fun features to help you develop your skills and to give all the thrills of this exhilarating sport. We are continually adding new features so each time you return there will be new challenges.

We are open all year round to groups, Individuals, Families, Mountain Bike enthusiasts, clubs etc.

Half & full day options are available as well as collection and drop off. We also have an onsite bike wash facility.

Give us a call for more details.
